2024 FHWA Environmental Excellence Award for Bat Programmatic Agreement

U.S. Department
of Transportation
**Federal Highway
Administration**

Office of the Administrator

April 29, 2024

1200 New Jersey Ave., SE
Washington, DC 20590

Mr. Ryan Pawlikowski
600 West Peachtree Street, NW.
Atlanta, GA 30308

Dear Mr. Pawlikowski:

Congratulations! On behalf of the Federal Highway Administration (FHWA), I am pleased to inform you that the *Georgia Bats in Transportation Structures Program Approach*, submitted by the Georgia Department of Transportation (GDOT), has been selected as a recipient of the FHWA 2024 Environmental Excellence Awards (EEA). Since 1995, the EEAs have recognized leaders across the country who make outstanding contributions to environmental stewardship and partnerships above and beyond traditional transportation project outcomes. These awards aim to recognize and exemplify such leaders and project contributions as a means of knowledge sharing and information exchange among peers. We are excited to have you join this group of outstanding agencies, organizations, and professionals.

This award recognizes GDOT and partners' exemplary achievement in the Educational and Training programs category. Specifically, we recognize the innovative and collaborative approach to developing comprehensive survey and reporting methods, in-person and virtual training programs, and avoidance and minimization measures for bat species. Not only does the project reduce impacts to bat species on all GDOT projects, but it will also result in programmatic efficiencies in the consultation process.

The 2024 EEA recipients will be recognized at an awards ceremony on June 5, 2024. A representative from the U.S. Department of Transportation's Volpe Center will reach out to share information about the ceremony and confirm the project partners that should also be recognized for this award.

Congratulations again to you and your partners on...
